THE STORY OF AHAYAH ACADEMY

Ahayah Academy was founded in 2016 in response to a deep rooted passion of the founders to open a school to meet the needs of the community. The school was built on the idea that education is the equalizer to combat all sorts of injustice and that the minds of the young can be cultivated in ways that make a profound impact on society.

THE NAME

The word *Ahayah* means “I Am” in Hebrew. When Moses of the Bible encountered a burning bush and was instructed to bring the children of Israel out of Egypt, Moses asked the Most High, who shall I say sent me. The Most High’s response was “I AM THAT I AM” (Exodus 3: 11-14). *Ahayah* was selected because we expect the Most High to continue to bring his children out of all states of bondage. The word *Academy* refers to an institution. With these two words, the essence of *Ahayah Academy* was formed.

We are a learning institution committed to exposing our student body to a quality education that helps them to understand the world they live in and acquire and maintain a commitment to continuous development in positive and safe learning environments. We embrace a student-centered learning model. This means, we seek to develop students who have a commitment to their own learning. Our teachers are required to be subject matter experts in the subject matter they teach, but our students and teachers are responsible for ensuring the students learn. To ensure they do, we have various checkpoints in lessons, interactive exercises, group activities, and discussions. Bloom’s Taxonomy is applied to our curriculum to ensure the appropriate levels of rigor.

OUR VISION

To be a prominent learning institution where students achieve their highest potential through an understanding of God, self, and community; resulting from scholastic exposure and triumph.

OUR MISSION

Our Mission is to educate learners of all ages to develop the skills and competencies necessary to emerge as positive contributors to society; supported by an array of learning programs.

Ahayah Academy (AA) was created to nurture, heal, and encourage the student body in ways that help them overcome challenges through early intervention, use of the most recent technology, and committed educators.

We believe that The Most High God has given everyone a purpose and we exist to help those entrusted to us accomplish His divine calling for their lives. We accomplish this through ensuring we operate a biblically driven learning environment that is enhanced through daily prayer, weekly chapel service, rigorous learning programs, community involvement, and extra

curriculum activities; designed to develop and enhance critical thinking, analytical skills, and application of knowledge.

LIONS' CREED

I am a victor and capable of doing all that I am gifted to do. I am a force to be reckoned with and a presence not to be ignored. I am a child of the Most High God who is made in His image. I am in complete agreement with the word of God and the will of God. I am determined to bring my best self to every occasion as my light is too bright to hide. I am committed to God, so I seek His will for my life. I am committed to me, so I will continue to do my personal best no matter the task. I am committed to my community, so I will seek to help my community in every way possible. I am unapologetically me.

CODE OF ETHICS

As an educational system, we are to conduct ourselves in the most ethical and morally right ways as possible. We will adhere to the golden rule which says, "do unto others as you would have them do unto you". We will operate with integrity and accept correction with the understanding that we are to continuously seek to know and do better for those we service and for ourselves. We are to be good stewards with all people, resources, data, and information entrusted to us. Honesty and transparency is greatly valued within this organization as we work collectively to accomplish the mission.

OUR PHILOSOPHY

As a private institution dedicated to educating children, we take every effort to provide a learning environment that starts with reinforcing biblical values in a safe atmosphere that prepares the students to triumph in their current state and for the next stage of their lives.

We Believe:

- The Bible is the inerrant word of The Most High God.
- We believe that children learn best when they are engaged spiritually, cognitively, physically, socially, and emotionally.
- We believe that the families of the children we serve are vital to helping us help their children be successful learners and helpful classmates.
- We believe that every child can learn and that it is our responsibility to figure out what works best for them.
- We believe in exposing children to content in ways that cause them to think

critically, seek to solve problems at their level, and to develop self-confidence that is necessary to achieve goals.

- We believe we are here to reinforce values that accurately acknowledges The Most High God, supports families, reinforces self-sufficiency, self-control, honor, and genuine concern for the collective community.

We purpose to help families produce individuals that contribute to society in positive, productive, and impactful ways.

Conduct Reports

Students receive conduct reports on a weekly basis. These reports should be viewed as tools that permit parents or guardians to partner with *Ahayah Academy* for the success of our students.

STANDARDS OF CONDUCT

“To him that knoweth to do good and doeth it not, to him it is sin (James 4:17)”. “Let the word of my mouth, and the mediation of my heart be acceptable in thy sight, O Lord (Psalm 19:14)”. Students are expected to behave in an orderly manner, maintaining biblical standards of courtesy, kindness, language, morality, and honesty. Any student observing questionable activities or overhearing conversations contrary to biblical standards should immediately tell an adult, teacher, or staff member. This is not tattling. Inappropriate behaviors and all violations against school policy are to be reported to the appropriate authorities, in an effort to assess and correct the behavior.

Cell Phone Usage

Cell phones are not permitted for use during the school hours. There will be a receptacle located in each classroom for students to place their phones in when entering the classroom. We want to ensure that the students' attention is on learning.

If your child has a complaint about a policy or a disciplinary action, please follow these procedures:
